

I want to write an Invention Disclosure (DI)

I do not belong to HDS laboratory, I download [the DI form from the intranet](#)

I contact the [transfer technology manager at DR](#)

I complete the DI form in collaboration with partners involved in the project

I send the DI form signed by all to the Research Unit Director (DU) for validation and signature

I send the DI form signed to the transfert technology manager at DR*

Signature and validation by DR

DR sends the DI form to the TTO ([SATT Lutech](#))

Lutech instructs the file with its project team and contacts you

Positive investment decision = project team will work further with you for protection and maturation of your results

Negative investment decision = Lutech's Project Committee will send you its conclusions and recommendations

I belong to HDS laboratory, I contact [the valorization office of DR18 \(CNRS\)](#) and I inform the [Pôle Valorisation et Partenariats](#) of UTC
