

I have a collaborative research project with an industrial partner (CIFRE) and a budget plan

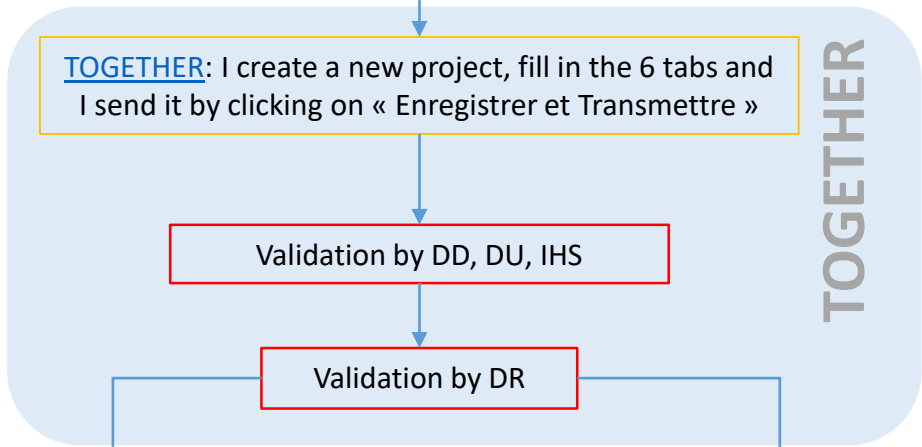

I contact the [transfer technology manager at DR](#)

I contact the doctoral school (ED) to create a new project (ADUM)

I contact Uteam for budget preparation

I send the UTC letter of engagement on the IP principles* to the industrial partner

TOGETHER: I create a new project, fill in the 6 tabs and I send it by clicking on « Enregistrer et Transmettre »

Validation by DD, DU, IHS

Validation by DR

Uteam starts drafting the collaboration agreement proposal

ED write the admission letter « sous réserve »
The industrial partner can submit the project to ANRT

Agreement by ANRT

ED is notified and can enroll the doctoral student
Uteam finalizes the signing of the CIFRE collaboration agreement

Unit Research staff

DD : Laboratory Director
DU : Unit Director
IHS : Hygiene and security engineer
DR : Research Office
ED : Doctoral School

ANRT : Association Nationale de la Recherche et de la Technologie
